Letters from the

Hello and welcome one and all to SNAFU Con 2015.

It's no great mystery that our staff and volunteers have been working diligently. Our schedule is full of awesome

programming being done by not only our special guests but also by you, the attendees. We encourage you to make your own panels and events to share with everyone in future years.

What an invigorating year it has been to be a geek, nerd, squint, dweeb, etc. People are revealing their dorky passions more than ever, and our community is growing stronger. We created this event to bring that community together and weave a great tapestry of fandoms.

I know that this year's mysteries will be elementary indeed. From Thursday to Sunday it's an open and shut case. Witness it your for yourself! After examining the evidence, you will be able to deduce that this is the best year yet.

Thank you everyone,
Nathan Sindar
SNAFU Con Chairman

Is it really con-time again? Really? How did it sneak up on me so fast!?! It feels like 2014 was just a month or two ago. This year has certainly come with its own set of challenges. We opened a lot of things late and had a lot of hiccups, but thankfully you all have been rather patient and understanding.

In spite of the hiccups, SNAFU Con is still growing and improving. Our staff is excited with the many improvements we've made and we hope you will be, too. Registration is particularly excited that we are processing people faster than ever! I truly hope your experience getting your badge this year went amazingly smoothly! We've upgraded our equipment and you may notice that staff are using tablets to do things like peace bonding more efficiently and paper-free. We're also utilizing bar codes to peace bond even faster!

Two of the exciting things we implemented this year are public chat rooms and a con help line. See page 2 of the con book for the phone number and links to the chat rooms. You can not only use the chat rooms to report things to rovers, but also to just chat with the staff and fellow attendees. We really want to hear from you so that we can keep our con a safe place, and continue to improve every year.

I look forward to hearing from you and I'll see you in the hentai room!

Con Chairs

It's that time again! Welcome to SNAFU Con 2015. Whether this is your first time joining us, or if you've got a few SNAFU years under your belt, welcome!

We hope that you all like what we've done with the place, at our new home here at The Nugget. As with any relocation, the end goal is to move forward.

Much love and thanks to all of our attendees, staff, volunteers, guests, panelists, artists, sponsors, and everyone else who's been a part of SNAFU Con's wild ride over the past few years. We've got an abundance of events, programming, and general stuff-to-do going on all the time, and we wouldn't be able to do this without your support.

See you in the game room!

They've come a long way from where they started; from no wigs to fully-functional props, their journey has led them here. They've modeled for Bandai, Manga Bomb, and Shonen Jump, and tour the con circuit throughout the year. They hope to begin visiting Europe soon, and love meeting fans. They will always stop for a photo or a selfie, and take great pride in their work.

Betrayal Play-To-Win

Betrayal at House on the Hill quickly builds suspense and excitement as players explore a haunted mansion, encountering spirits and frightening omens that foretell their fate. Secretly, one of the characters betrays the rest of the party, and the innocent members of the party must defeat the traitor in their midst before it's too late! Betrayal at House on the Hill will appeal to any game player who enjoys a fun, suspenseful, and strategic game. The winner gets to keep the game! Donated by Nerdvana in Carson City.

Board Game Library

Available throughout the convention in the Dungeon! Come by and play a game anytime. Made possible by Ragecon.

Camel Up Play-To-Win

In Camel Up, up to eight players bet on five racing camels, trying to suss out which will place first and second in a quick race around a pyramid. The earlier you place your bet, the more you can win-should you guess correctly, of course. Camels don't run neatly, however, sometimes landing on top of another one and being carried toward the finish line. Who's going to run when? That all depends on how the dice come out of the pyramid dice shaker, which releases one die at a time when players pause from their bets long enough to see who's actually moving! The winner gets to keep the game! Donated by Nerdvana in Carson City.

Cardfight Vanguard Demo

Ride the Vanguard! Learn to play the card game behind the hit show of the same name! Demos will be running all con long. No experience needed!

Congregate Demo

A social political game where players use Representatives to score Agendas in a series of voting rounds. Augment your votes with different Reps, from influential Councilors to destructive Spies. Do anything in your power to complete Agendas and amass the most wealth to win! Players: 3 - 6 (4 or 5 suggested) Play Time: about 15 minutes to set up, 10 minutes per player to play, modified by any learning time.

Deadlands Reloaded

(16+) There's been a murder in the weird west and you're one of the primary suspects. The host of a party you attended last night was found dead in his room, stabbed in the back! You and a handful of other guests are the only ones who lack an alibi. You have yet to be arrested, but you know something the others don't and it's your job to prove your innocence, whether you're innocent or not!

Dreamland: A Lovecraftian Fairytale RPG

Awake to your destiny: you are of the few souls who are able to travel into the world of sleep, where thought is language and language is power. Travel across vast landscapes and discover strange cultures. Fight Monstrous Races, Dragons and Beasts. Mold the dreamworld to summon monsters, speak the language of beasts, become a king, or do anything you can imagine. But power comes with a price. Will you be consumed by Wonder, Loathing or Exoticism? Will you trade your precious Memories of the waking world for the fantasies of Dreamland? Beware, for Nightmares await, and even the greatest dream fades at the coming of Dawn. DREAMLAND

is a game inspired by the stories of Lord Dunsany, H.P. Lovecraft, and Neil Gaiman. Come try it out with the designer, Jason Thompson! (The Dream-Quest of Unknown Kadath graphic novel artist)

Fate Accelerated Edition (FAE)

What's a fan supposed to do when cosplayers start taking on the powers of their characters and fighting with each other? Figure out where these powers are coming from and join in obviously! But when things start getting violent, it's up to you to stop this craziness before the entire hotel explodes.

Love Letter Tournament

Tournament will be open to the first 16 people signed up. 2 sets of games with 4 players each will be played with the winners of those games playing for the prizes. Winners will get a copy of the game. Stop by to sign up for these events any time prior to event. First come first serve. No experience necessary. Prizes provided by RAGECON 2016!

Magic Battle For Zendikar Draft
\$20 entry using packs on hand.

Magic Battle For Zendikar Sealed

Magic Demo

Magic: The Gathering, the most successful CCG in history, has a table at SNAFU Con! Whether you're a die-hard fan or curious about the game, you're welcome to the scene, and can try the game out at any time.

Maid: Halloween Special!

Some ghosts just appeared claiming to be the master's long dead parents and now they are running around, issuing orders like they still own the place. It's up to the maids of the house to figure out what is really up before this gets out of hand.

Maid: Save The Master!

The master has an important treaty to sign at the end of the week, if he can only survive that long! Your job as a maid (or butler) is hard enough without master's enemies trying to thwart him at every turn. What will it be this time? Robots? Ninjas? Robot wielding ninjas? Let them do their worst. Master has hired the best staff out there and we'll take care of it all!

Mangaka: Fast and Furious Comic Drawing

A hilarious, creative card game where you draw comics in five-minutes bursts! Mangaka is a fast-paced storytelling card game where each round involves drawing cards and drawing comics. Choose from over 150 Themes, from Vampires to Sports to Cooking. Seek Fame by following current Trends, from Science Fiction to Shoyo and Shonen! Designed by Jason Thompson (Manga: The Complete Guide, Anime News Network).

Notice Me, Senpai

Notice Me, Senpai is a fast-moving game where you and other players compete for the attention of Senpai. Keep on Senpai's good side, stab other players in the back, and kawaii your way to victory. Otherwise, Senpai will never even know you exist!

Scotland Yard

A mystery is afoot at SNAFU Con, and you can help! Earn buttons for weapons, places, and suspects around the con, and turn them in at Scotland Yard in the Dungeon to try to solve crimes. Crack the case, and you may win a prize. And if you manage to solve the con's biggest mystery, you can earn yourself a special achievement!

PF Mod: Murder's Mark-Core Campaign (lv 1-2)

Everyone in the fishing town of Ilsurian is excited when the legendary Umbra Carnival rolls into town—even if the show is run by members of the much-maligned Varisian ethnic group. With strange and exotic beasts, scandalous performances, games of chance, and all the other fun of a traveling fair, who could resist such an opportunity for entertainment? Unfortunately for both the town and the circus, however, entertainment isn't the only opportunity the carnival presents. Hidden within Ilsurian, a guild of thieves and scoundrels has been waiting for just such an occasion to launch a campaign of theft and murder—leaving the strangers from the circus to take the blame. With tensions mounting between locals and performers, and the body count rising on both sides, it's up to the PCs to uncover what's really going on and clear the circus' name before the entire town erupts in a firestorm of ethnic violence.

PF Mod: We Be Goblins! (levels 1-2)

The Licktoad goblins of Brinestump Marsh have stumbled upon a great treasure—fireworks! Yet unfortunately for them, the tribe member responsible for the discovery has already been exiled for the abhorrent crime of writing (which every goblin knows steals words from your head). To remedy this situation, the Licktoads' leader, His Mighty Girthness Chief Rendwattle Gutwad, has declared that the greatest heroes of the tribe must venture forth to retrieve the rest of the fireworks from a derelict ship stranded in the marsh. In order to prove themselves as the Licktoads' bravest goblins, the PCs must complete a series of dangerous dares, from swallowing bull slugs and braving the dreaded Earbiter to dancing with Squealy Nord himself. Yet even once they've proven their mettle, the adventure is just beginning. For the ship in question is far from uninhabited, and Vorka the cannibal goblin would like nothing better than a few tasty visitors....

PFS 4-26: The Waking Rune (levels 7-11)

After a year of searching and risking life and limb, the agents of the Pathfinder Society have discovered the resting place of the Runelord of Sloth, who has been sequestered from the world at large for 10,000 years awaiting the proper time for his return. Thanks to the efforts of the sinister cult of Lissala, that time is now. In a desperate attempt to defeat this ancient evil once and for all, the Decemvirate sends its best agents, armed with relics found throughout ancient Thassilon, to foil the cult's last-ditch efforts to usher in a new era of tyranny and strife. Will the party succeed in preventing Krune's return to Golarion, or will the Pathfinder Society serve simply as a speed-bump in the runelord's path to domination over the entire region?

PFS 5-08: The Confirmation (levels 1-2)

Almost all Pathfinders undergo extensive training for three or more years to learn the tricks of the trade, and their last test before graduating from the ranks of the initiates to the status of a full Pathfinder agent is the Confirmation, a special research project that involves considerable fieldwork and is designed to simulate the initiates' future work as a Pathfinder. Even the noteworthy field commissioned agents sometimes participate in such trials as a way to familiarize themselves with the Pathfinder Society's rules and expectations. Although Confirmation is typically an individual affair, the society recently discovered a site on the Isle of Kortos that would be perfect for initiates but perhaps too dangerous to handle alone. Successfully uncovering this site's secrets will not only contribute to the society's body of knowledge but shape the exciting careers ahead for each of the prospective agents.

PFS 5-EX: Ruins of Bonekeep - Part 1 (levels 3-7)

Part 1: The Silent Grave. An enemy of the Pathfinder Society recently found a hidden dungeon in a centuries-old siege fortress, but despite his best efforts to convert it into his base of operations, he failed. When a pair of Pathfinders encounter disaster while scouting out the entrance, the party must explore the first level of the dungeon to determine not just what attacked their comrades but also what dark power their nemesis nearly acquired.

PFS 5-S2: Ruins of Bonekeep - Part 2 (levels 3-7)

Part 2: Maze of the Mind Slave
A group of Pathfinders recently delved into the ruins of Bonekeep, a siege fortress destroyed centuries ago. There they discovered not only terrifying threats but also extraordinary treasures. Warded by the magic of a senior Pathfinder, the party must explore as much of Bonekeep as they can before the spell dissipates, lest they too are enslaved by the enchanted maze that looks hauntingly more familiar with each discovery.

PFS 6-97: Siege of Serpents(Special) (levels 1-11)

The Pathfinder Society has opened its gates to visitors from across the world in anticipation of the Grand Convocation, a magnificent festival in which Pathfinders share tales of their exploits, show off their findings, and celebrate the Society's accomplishments. However, an inopportune accident quickly spirals out of control when an old enemy attempts a brazen assault on the Pathfinders' home, and an unexpected foe emerges from hiding to seek vengeance for the Society's perceived crimes. Can the Pathfinders pacify the chaos and protect their guests while simultaneously defending the Grand Lodge? "Siege of Serpents" is a multi-table interactive adventure in which each group's actions contribute to the entire room's success.

PFS 6-98: Serpents Rise (level 7)

Years of political maneuvering, espionage, smuggling, and diplomacy have set the stage for the Aspis Consortium's most ambitious attack on their Inner Sea rivals: the Pathfinder Society. All that remains are several key preparations that only an elite team of Aspis agents can arrange, and once the fireworks begin, these same agents must strike quickly and mercilessly to secure objectives (some shared and some connected to deeper plots) and escape without the Society being any the wiser.

PFS 6-S2: Ruins of Bonekeep - Part 3 (levels 5-9)

Part 3: The Wakening Tomb

PFS 7-01: Between the Lines (levels 1-5)

Rival explorers have beaten the Pathfinders to a valuable site in Katapesh, but fortunately most of the riches-including the obscure text the Society sought in the first place-have ended up in the capitol's extensive bazaars. What is at first a routine shopping trip spirals out of control as the PCs uncover the writing's secret past-and secret messages.

PFS 7-01: Between the Lines-Core Campaign (lv 1-5)

Rival explorers have beaten the Pathfinders to a valuable site in Katapesh, but fortunately most of the riches-including the obscure text the Society sought in the first place-have ended up in the capitol's extensive bazaars. What is at first a routine shopping trip spirals out of control as the PCs uncover the writing's secret past-and secret messages.

PFS 7-02: Six Seconds to Midnight (levels 3-7)

A strange confluence of circumstances leaves the researchers of Uringen understaffed and in need of able-bodied assistants. Conveniently, recent Pathfinder Society experiments call for a rare reagent found only in that area, and the two organizations have negotiated a mutually beneficial deal. Can the PCs reach the secluded settlement in time to witness this extraordinary event-and handle the phenomenon's aftermath?

Can the PCs reach the secluded settlement in time to witness this extraordinary event-and handle the phenomenon's aftermath?

PFS 7-03: The Bronze House Reprisal (levels 5-9)

A recent assault on the Pathfinder Society has renewed hostilities with the Aspis Consortium, and clues left behind point to one of its masterminds: the gold agent Maiveer Sloan. By infiltrating one of the Consortium's artifact-smuggling operations, the PCs can sabotage their rivals' criminal operations and send a clear message: No attack will go unanswered.

PFS 7-05: School of Spirits (levels 1-5)

Seven years ago, Pathfinders entered Absalom's shattered Precipice Quarter in pursuit of a ruby ring but also rescued a strange survivor. She has since grown to adulthood and exhibited a rebellious spirit connected to the ruined school where the Pathfinders found her. The woman's family has contacted the Society, hoping that its agents can escort her back to the haunted site and unravel the Drownyard's relentless mysteries.

PFS Quests (level 1)

This is an entry level/new character offering of the pathfinder society quests, both from The Phantom Phenomena and The Silverhex Chronicles.

PFS: 7-04 The Ironbound Schism (Levels 7-11)

The cataclysmic Earthfall shattered the ancient Thassilonian civilization, and like its slumbering runelords who fled the destruction, many ruins lie hidden. The Ironbound Archipelago was once part of Edasseril, kingdom of envy, and word has reached the Pathfinder Society that an ancient ruin has emerged on the isle of Flintyreach. Can the PCs gain the local half-orcs' trust and brave the resident giants' wrath to secure this archaeological treasure?

Whether this is your first year or your sixth year, we hope you have enjoyed our con. It takes hard work and dedication from staff and volunteers to make this event great. We continue to strive to make this convention better each year, but we can not do this without your help. **Email hr@snafucon.com and tell us you want to be staff!** Not only will you contribute to SNAFU Con’s awesomeness, you will also get a free badge!

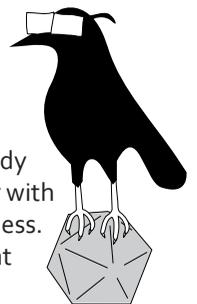

Now I know what you are saying, “Staff? That sounds like a lot of hard work.” Well it is, but ask any staff member and they will tell you it is worth the effort. If your time is limited, but you still want to help out, consider volunteering! Sign up as a volunteer by emailing hr@snafucon.com and letting us know! Volunteers only help out during con. For just four hours a day, you can earn your registration fee back. You still get to see the panels, watch the anime, and participate in the tournaments.

With your help, we will continue grow into a bigger and better con. Sign up now!

See you next year for SNAFU Con 2016!
